Receiver shall not disclose, reproduce, use, distribute, or transfer, directly or indirectly, in any form, by any means, or for any purpose, the Confidential Information provided by Discloser, except as expressly provided under the Agreement. The disclosure of such Confidential Information to Receiver does not confer upon Receiver any license, interest, or rights of any kind in or to the Confidential Information, except as expressly provided under the Agreement. Confidential Information shall not include information that: (a) is or becomes publicly available through no act or omission of the Receiver; (b) was in the Receiver's lawful possession prior to the disclosure and had not been obtained by the Receiver either directly or indirectly from the Discloser; (c) is lawfully disclosed to the Receiver by a third party without

11. Dispute Resolution: Except for the right of either party to apply to a court of competent jurisdiction for interim or interlocutory relief or other provisional remedy to prevent irreparable harm pending final determination or to pursue a claim for infringement of any intellectual property right, any dispute or controversy between the parties arising out of or relating to the Agreement (each, a "Dispute") shall be resolved by good faith negotiations between the parties which negotiations shall not terminate until the Dispute has been considered by a senior officer of each party.

Survival: Notwithstanding the foregoing and any expiration or termination of the Agreement, in addition to any provisions in the Agreement which are expressly stated to survive termination, the following provisions of this Policy shall survive such expiration or termination: Sections 1, 3, 5, 6, 7, 8, 9, 11, 13, 14 and this Section 12.

13. Miscellaneous: Subscriber may not assign the Agreement or give or transfer the Services, or any interest in the Services, to another individual or entity. The parties are independent contractors and each party agrees that no partnership, joint venture or agency relationship exists between the parties. Failure by either party to enforce any provision of the Agreement shall not be deemed a waiver of future enforcement of that or any other provision in the Agreement. Each party agrees to comply with all applicable laws, regulations, and ordinances relating to its performance under the Agreement. No third party beneficiary relationships are created by the Agreement. The Agreement constitutes the complete, final and exclusive statement of the governing provisions between the parties with respect to its subject matter and supersede any and all other agreements or understandings, written or oral, with respect thereto. If any provision of the Agreement is held to be invalid or unenforceable, that provision will be struck and the remaining provisions shall be enforced. Notwithstanding any agreement with a third party or any provision of law, regulation or Agreement, if Subscriber is an agency of the government of the United States of America, then Subscriber's rights in respect of the Services shall not exceed the rights provided under the Agreement.
